

## Collecting Your Ideas

It's now time to think about your human exhibit of YOU! What better place to go for ideas than the zoo. While touring the zoo keep your eyes open for ideas and think about your needs. The data sheets are where you will keep track of all you creative thoughts and ideas.

### Data Sheet Explanation:

**ANIMAL'S NAME:** Choose 2 different animal at each location. Be sure to write down the name. (1 pt. each)

**INSPIRING ASPECT:** Write the specific part of the design in the animal's enclosure that gave you an idea about your exhibit and your needs. Each of these must be different. (1 pt. each)

**POSSIBLE INCORPORATION:** Write how you might use the above idea in your exhibit. (1 pt. each)

### Example:

**ANIMAL'S NAME:** Palm Spider

**INSPIRING ASPECT:** two palm trees in the exhibit offered a place for the spider to build it's web

**POSSIBLE INCORPORATION:** I need to remember to space two trees or rocks the right distance apart for my "bed",a hammock

By the time you leave the zoo, you will have at least EIGHT ideas for your design of the human exhibit of YOU.
