

LEARN NC

K-12 OUTREACH :: BY THE NUMBERS

face to face

- 115 North Carolina school systems in LEARN NC's network**
every school system in the state, each with a trained coordinator who facilitates communication between LEARN NC and the state's teachers.
- 4,200 teachers reached in conference presentations and workshops**
at education conferences and North Carolina public schools since 2007.

on the Web

- 30,000 teachers and students who visit LEARN NC every day**
and use the resources on our website for teaching and learning.
- 203 countries with educators visiting LEARN NC**
and accessing our resources via the World Wide Web
- 13,874 resources for teaching and learning**
on LEARN NC's website, including 3,200 lesson plans; 1,700 pages of content for teaching, learning, and professional development; 3,800 educational websites; and 5,200 educational images, audio, and video recordings.
- 3,755 resources aligned to the North Carolina Standard Course of Study**
including lesson plans by North Carolina educators and from respected national partner organizations.
- 5,400+ teachers registered for email updates**
receiving news, information, and resources from LEARN NC each month.

through online learning

- 80 school systems offering LEARN NC's online courses**
for teacher professional development and student achievement
- 1,000+ teachers trained as online instructors**
with the knowledge of how to adapt their teaching skills to a virtual classroom.
- 5,200+ teachers getting professional development online**
with LEARN NC's online courses since the fall of 2003.
- 17,000+ teachers getting local professional development**
through online courses hosted by LEARN NC since 2004.
