

LEARN NC

GET YOUR PROFESSIONAL DEVELOPMENT ONLINE THIS FALL.

Our online courses let you earn your renewal credit when and where you need it. To learn more or to enroll, visit us today at <http://www.learnnc.org/courses/> or contact pdcourseregistration@learnnc.org.

COURSES STARTING SOON

Crossing Cultures: An Introduction to Cross-Cultural Understanding

October 7 • 5 CEUs • \$375

Acquire tools to interact appropriately and effectively with people from other cultures.

Collaboration and Teaching in a Virtual World

October 6 • 3 CEUs • \$225

Immerse yourself in a three-dimensional learning landscape. You'll explore the online world of Second Life and how it can enhance student collaboration.

Introduction to Online Learning

October 12 • 1 CEU • \$50

Are you interested in taking an online course, but unsure about where to begin? This course introduces first-time online learners to the characteristics, tools, and practices of distance learning.

LEP Training 101

October 13 • 1 CEU • \$75

This course will prepare you as you take on the role of a LEP Coordinator or ESL Teacher, including the policies, procedures, and job duties that accompany your job dealing with LEP students in NC schools.

Science 2.0: Using Web Tools to Promote Inquiry-Based Science

October 13 • 2 CEUs • \$150

Use online resources to enhance teaching and learning in your science course. You'll familiarize yourself with science-themed websites, blogs and wikis, Google Maps and Google Earth, and more.

Classroom Assessment Enhanced by Technology

October 13 • 2 CEUs • \$150

Discover effective principles of classroom assessment at all grade levels and subject areas. You'll review formative and performance assessment, backwards design, and various methods including rubrics and electronic portfolios.

Assessment and Evaluation in Your Online Course

October 14 • 2 CEUs • \$150

Plan and create engaging online activities and assessments. This course provides a collection of resources and exercises that define the unique assessment process of online courses. You'll gain the tools to create activities that ensure students meet your online learning objectives.

Using Digital Portfolios to Foster Student Learning

October 14 • 2 CEUs • \$150

Take an in-depth look at the power of digital portfolios to document student learning. Explore a variety of tools for creating and assembling digital portfolios, and investigate portfolio component criteria.

Teaching Online Courses

October 19 • 3 CEUs • \$225

You'll learn the pedagogy of online courses, experience the realities and complexities of online learning, and discover specific techniques for building an online learning community.

Moodle Training

October 19 • 2 CEUs • \$150

Want to teach an online course yourself? Learn the basics of teaching in Moodle, LEARN NC's course management system, to customize one of our courses for your own classroom.

Reading, Writing and Research: Integrating Literacy across the Curriculum

October 20 • 2 CEUs • \$150

Turn your students into savvy consumers of information. Explore reading and writing instruction and information literacy concepts, and learn to effectively integrate these literacy skills into your teaching, regardless of the subject or grade level.

American Indians in the United States

October 26 • 3 CEUs • \$225

Discover American Indian history from the earliest evidence of human habitation through the present day. Archaeological finds, treaties, oral histories, photographs, and more will enrich your exploration of Native American history nationwide.

Internet Safety for Schools in the Digital Era

October 28 • 2 CEUs • \$150

This online course is designed to help school administrators understand their specific options for protecting children when they access the Internet over a school-based or statewide educational network.
