Image Analysis

Answer these questions about the image, keeping in mind what you know about the time period when the image was created.

1. Who is shown in this image?

2. What action is taking place in this image?

3. What can you tell from the people in the image – their body language, facial expressions, posture, the way they seem to be moving, where they are in relation to others in the picture, etc.?

4. Why do you think the photographer or artist created this image?

5. What mood or emotions do you feel when looking at the image?
